ANESTHESIA
— A N D P A I N —

We want to welcome you to Inland Northwest Anesthesia and Pain. Our practice model is a shared practice. So, that we can quickly schedule an initial appointment in a timely manner. You will be seeing different providers in the office/clinic and at our injection/treatment center. This shared practice model allows each patient the advantage of having different provider's assessments. Our providers meet and communicate your care frequently for consistency and go to great lengths to be consistent with teaching, assessment and treatment. It is our hope that you see the value of what we offer to manage your pain.

By signing below, you agree to participate in this care model.
